

Comprehensive Simulation Instructor Training Course

Target Audience

- The course has been developed for educators who teach clinical, behavioural and cognitive skills using medical simulation.
- Instructors who require EMAC instructor accreditation through the ANZCA College.

Description

Aims

This course draws from the disciplines of aviation, health care, psychology, experiential learning, and organizational behaviour to explore a variety of simulator – based teaching methods. These methods are applicable across the health profession educational spectrum, including undergraduate and graduate medical, nursing and allied health domains.

Training Methods

The course combines didactic and experiential learning with practice and feedback to focus on the use of simulation to teach critical thinking and crisis management.

Topics covered:

Principles of effective instruction

- Adult Learning
- Learning Styles
- Matching teaching style to learners experience levels

Procedural Skills Training

- Conducting practical skills workshops
- Integrated procedural communication skills training

Scenario-based Learning

- Pause and discuss scenarios
- Simulated problem-based learning
- Full immersion scenarios

Debriefing and Facilitation

- Facilitating group discussions
- Feedback
- Reflective debriefing
- Incorporating video playback and event making into debriefing

Curriculum Design

- Training needs analysis
- Designing courses
- Evaluating courses

Creating an effective training environment

- Writing scenarios
- Preparing learning for simulations
- Training faculty as actors in simulation
- Stage management of simulation training

Training Technologies

- Didactic presentations
- Small group discussions
- Hands on workshops
- Part-task trainers
- Low & medium fidelity manikin simulators

Maximum Participants

Maximum of 12 participants per course

Location

Sydney Clinical Skills & Simulation Centre
Level 6, Kolling Research & Education Building
Royal North Shore Hospital

Course Dates 2023

16-17 February

22-23 May

24-25 August

23-24 October
